

Dear Parents,

Hope you are well,

In our efforts to keep the students healthy and happy during school hours, we would like to direct your attention to our new “Healthy Lunch Campaign”.

This campaign allows you as parents to take control of your child’s mental and physical health at school where they spend most of their time.

Ms. Faten Hamzeh, our Health Teacher and Athletics Coordinator has compiled multiple options to provide your child with when they come to school. *[attached](#)

Make sure that your child is receiving a balanced and healthy diet especially in these times.

We thank you for your constant cooperation
